

FRANK & YORK LLC

The FRANK & YORK, LLC philosophy: Attorneys work together on all cases. The team devotes itself equally to arguments in Federal Circuit Courts, representation of Fortune 500 companies, and applications for small businesses. Marriage petitions before the Immigration Service and litigation in Immigration Court are prepared with the same precision. "We never stop fighting," declares Harlan York, "Immigrants' lives are on the line. Whether it's a professional awaiting an H-1B, a parent applying for her kids' citizenship, or a legal resident facing deportation for his crime, everyone deserves the best defense."
