Best Lawyers Announces Global Business Edition

AUGUSTA, Ga., Oct. 4, 2019 -- Best Lawyers®, the oldest and most respected guide to the legal profession, is pleased to announce the fourth annual Global Business Edition. The business edition highlights nearly 30,000 lawyers recognized by Best Lawyers for their top legal talent across 34 countries worldwide.

This year’s Global Business Edition covers topics that are common concerns in today’s legal and political landscape, including climate change, sustainability, and corporate social responsibility.

The cover story by John Ettorre examines the financial risk posed by global warming, the liability that large corporations may face for their carbon emissions, and the steps companies can take to limit that liability.

The most recent “Law Firm of the Year” awards are included in the Global Business Edition. Overall, Best Lawyers awarded 261 “Law Firm of the Year” recognitions across 17 countries. "Law Firm of the Year" awards recognize a single firm for its work in a specific legal practice area. Awards are determined based on a handful of factors including: lawyer feedback, size of the firm, historical analysis of the firm's "Lawyer of the Year" awards, and the firm's overall scope and areas of expertise.

Other featured topics include: legal translation services, combating bribery and corruption in foreign countries, supply chain transparency in the fight against global slavery, and more.
