Best Lawyers announces Winter Business Edition

AIKEN, S.C., Jan. 2, 2018 -- *Best Lawyers*, the oldest and most respected guide to the legal profession, is pleased to announce the fifth annual *Winter Business Edition*. The business edition highlights almost 25,000 lawyers recognized for their top legal talent in 41 practice areas across the United States as excerpted from the 2018 Edition of *The Best Lawyers in America*®.

The *Winter Business Edition* includes editorial content compiled from more than 16 contributors covering a wide variety of relevant topics. Included in the edition are articles detailing the relationship between climate change and the economy, top employment cases of 2017, hemp's role in natural health care, cloud computing, and more.

A special section on Mass Tort Litigation / Class Actions lists attorneys currently recognized by their peers for their work in Mass Tort Litigation / Class Actions (plaintiffs and/or defendants) by state. Additional articles in this section introduce common processes and recent claims involving Mass Tort Litigation / Class Actions.

The issue's cover story details how data breaches have become inevitable within the legal industry, with two-thirds of U.S. law firms experiencing a breach in 2016. Organizations should have a response plan on how to handle a data breach. Tips on what not to do in the wake of a data breach are included in this section.

Attorneys Scott Benson and Mark Briol are profiled in a brief cover spotlight highlighting their differences and experiences contributing to the success of Briol & Benson.
